SKILLS

- **Languages**:   Python, C++, Java, JavaScript
- **Frameworks**:   HTML and CSS, React.js, Node.js
- **Tools/Platforms**:   MySQL, MongoDB, Firebase, Git, Github, Vercel
- **Soft Skills**:   Problem-Solving, Adaptability, Consistency, Attention to detail

INTERNSHIP

- **Web Development Intern (Freelance)**   Feb '25 – Apr '25
  Retail Accounting & Khatabook System
  - Designed and developed a web-based Khatabook system to manage customer transactions, payments, and digital receipts for a local retail business.
  - Implemented credit/debit tracking, pending balance monitoring, and customer-wise transaction history to streamline daily accounting operations.
  - Translated real business requirements into functional web features through direct client interaction, enhancing accuracy and efficiency in record management.

PROJECTS

- **PickNRide App - Bike Rental Management System | Link**   Nov '25
  - Developed a full-stack React Native vehicle rental app enabling users to browse rental shops, view bikes/scooties/cars, and complete bookings with real-time price calculations.
  - Designed a modular UI system with reusable components and implemented smooth navigation using stack, bottom tab, and top tab navigators.
  - Engineered lightweight custom state management using the Observer pattern and built end-to-end features including authentication, search & filtering, vehicle details, and booking checkout.
  - **Tech:** React Native, TypeScript, React Navigation, REST APIs

- **BingeIt - Streaming Platform Mobile App | Link**   Jun'25
  - Built a cross-platform streaming application allowing users to browse, search, and save movies with a modern mobile UI.
  - Implemented authentication, profile management, watchlist, and movie discovery using API integration and structured navigation.
  - Designed reusable components and scalable project architecture with smooth performance on Android devices.
  - **Tech:** React Native, TypeScript, Firebase, REST APIs, Expo, React Navigation

- **Developer Portfolio Website | Link**   Apr '24
  - Designed and developed a clean, minimal personal portfolio to showcase projects, skills, and contact information.
  - Implemented a responsive single-page layout with smooth navigation, reusable components, and fast load.
  - Optimized performance using Vite bundling and modern React practices for a lightweight, professional web presence.
  - **Tech:** React.js, Vite, JavaScript, HTML, CSS

CERTIFICATES

- Legacy Responsive Web Design V8 | FreeCodeCamp | Link   Aug'25
- Web Development for Beginners | Cursa | Link   Nov'23

ACHIEVEMENTS

- **HackerRank Badges:**   Mar'24
  Earned multiple badges on HackerRank including C++, Java and Python
- **Hackathon Qualification:**   Feb'24
  Achieved a rank under top 5 teams in University Level Hackathon

EDUCATION

- **Lovely Professional University**   Phagwara, Punjab
  Bachelor of Computer Applications; CGPA: 6.7   *Aug '23 – Present*

- **Lila Mandal S.S. +2 School**   Gaya, Bihar
  Intermediate; Percentage: 61.8   *Apr '20 – Mar '21*
